

## 2020 SEASONAL FLU CAMPAIGN

This year we are advising all eligible patients to have the flu jab. It is important to protect yourselves from flu this year especially as we still have COVID19 in the community also.

To ensure that we provide a safe and effective flu campaign we are focusing on using the GP Surgery to call in the **MOST VULNERABLE** patients.

We have **PARTNERED** with local pharmacies to help immunise all other patients so that they can have their flu jabs in a safe location allowing the most vulnerable to come to the practice.

If you have not been specifically invited to our flu clinics, please book a flu appointment with a local pharmacy below.

Our flu clinics will be conducted from October to December and we will call in the most vulnerable people to the surgery.

All patients can contact the pharmacies below and book their flu jabs. Please book your appointment and wear a face covering when attending. Please maintain social distancing when attending for your flu jab.

### Local Pharmacies

NAME	TELEPHONE	ADDRESS
DAY LEWIS	0208 648 1329	64 Middleton Rd, Morden SM4 6RT
MPS	0208 644 8142	46-47 The Market, Sutton SM1 3HE
